and Margarita Bordallo, with the help of Fr Teodoro Bahillo, cmf have worked from 3 to 12 of December in Madrid.

The fruit of the reflection is summarized in a "draft" that includes the voices of all claretian sisters (through the survey and contributions at continental meetings) responding to the task that the XVI General Chapter entrusted to all to renew our life, mission and structures to better respond to the urgent agendas of the Church and the world of today. This work will be presented in the assembly of major Superiors and delegates coming April.
