

Our missionary presence in Nigeria has grown up opening to different areas of the evangelizing mission. Anna, An

gelica,
Aime,
Nestorine
are working
in different
apostolates:
education and Christian formation
(Aime
and
Nestorine
in collaboration with
the Claretian Missionaries), Anna
and Angelica
in the area
of health (in the centers of
the Diocese (Owerri),
with another
religious congregation
and
a private institution).
Besides this they are carrying out a vocational
project and offer
support in
the discernment
and promotion
of women.

In order to extend our service and charisma we have visited the Diocese of Makurdi much
needed of animation

and pastoral formation; we will study this possibility while in Owerri eventually it materializes the prospect of building our house.

At present there are two candidates

-

Vivian and Amaka.

We wish to continue to grow in communion and zeal for evangelization and to build up principal of peaceful coexistence within big diversity and conflicts of this nation.
